1000+ volunteers are involved in the Ukraine's efforts

First fire truck has arrived to the Donetsk region

In September, the 1st firetruck from LUKraine asbl arrived in the Donetsk region. We continue our humanitarian efforts within the framework of the memorandum signed with the Donetsk regional administration and Foundation Greening of the Planet.

We are grateful to our firefighters and all the State Emergency Services of the Donetsk region for their courage! Every day these brave people risk their lives to save civilians suffering russian attacks.

Big thank you to everyone who helped us in purchasing and delivering this firetruck Sweden → Luxembourg → Ukraine.

Professional accounting training for refugees

“According to recent statistics published by ADEM, accounting professions are the most demanded and there is a clear shortage of talent on the market,” says LUKraine project lead Oleksandr Petrykov. “With many Ukrainian refugees having a vast accounting and finance background it would be a wasted opportunity not to utilize these talents by the local companies.”

Special thanks to the House of Training and King Baudouin Foundation for making this project happen.

Food Packages for Ukraine

In September residents of the liberated towns of Izyum, Bazeleyivka, Dryzhkivka, Kupyansk and villages of Poltava region received humanitarian aid from LUKraine asbl with support of our partners CF “Haustov” and IAHU.

We are sincerely grateful to Lions Luxembourg Foundation, Lions Club Luxembourg, Fondation Caritas Pharmaciens Sans Frontières Luxembourg, Health Services S.A., Santé Services, POST Luxembourg, and everyone of you for who have donated to make this happen.

We appreciate you standing by our side and we are thankful for your support.

Help us to further support Ukraine fighting for the peaceful future of the democratic world.

The war is not over, we had entered a long battle and your kind donations will save someone's life.
