A LETTER FROM THE PRESIDENT

Forging Resilience Together

Nicolas Zharov
President of
LUkraine

Dear friends, partners, and supporters,

As I reflect on the past year, it's impossible to ignore the immense challenges and hardships that Ukraine and its people have faced in the ongoing war. The war has tested the resilience of the Ukrainian people, pushing them to endure circumstances that no one should ever have to face. Yet, the unwavering spirit of the Ukrainians has been inspiring us all to join efforts and stand in solidarity. I have always said that Luxembourg is a small country with a big heart. Therefore, I want to express my deepest gratitude to each of you who have made any contribution to our efforts. Luxembourg's commitment to our cause has not only made a significant impact on the ground in Ukraine but has also reinforced the crucial bonds of solidarity that unite us.

As we continue our mission, it's vital to recognize that Ukraine is not only fighting for its future but for the future of the whole democratic world. The values of peace and freedom that we hold dear are under threat. Your ongoing support is not just a lifeline for those in need; it's a powerful statement that echoes the shared commitment to a world where everyone can live in security.

In our ongoing quest, it's crucial to understand that Ukraine's battle is not just for its own existence but also for the survival of the broader democratic realm. The values of peace, freedom, and democracy, which are fundamental to us, are at risk.

Our consistent support should extend beyond mere aid for those in distress; it should become a resounding affirmation of our collective commitment to a world of safety for all. The world where international law is respected, the world where the future of the next generations excludes things like hiding in shelters or a chance of being killed by a hostile missile.

A LETTER FROM THE PRESIDENT

Forging Resilience Together

We must clarify that Ukraine's struggle transcends defending principles; it's about its very survival. However, this survival issue isn't confined to Ukraine alone; it also impacts Europe and the whole world. Eastern European nations are first at risk of facing war if Ukraine fails to halt Russian aggression. We all know that it will eminently put all the European nations at war with or without the support of its NATO allies. Therefore, helping Ukraine is a strategic imperative for all Europeans. The concepts of solidarity and unity should be viewed as enduring principles in this context. The most logical and strategically sound course is to forge a strong, united Europe, including Ukraine as an EU member. Europe needs to be capable of self-protection.

Thus, we at LUKraine understand that our humanitarian actions are only possible because of the bravery of the Ukrainian nation and the ongoing support from our allies.

The results of LUKraine's work and our joined efforts are well illustrated in this annual report you are reading. Behind these numbers are hiding thousands of saved lives, the tireless work of our volunteers, and the bravery of our first responders.

I sincerely wish the year 2024 to be the year of victory for Ukraine and the year of certainty and peace for Luxembourg. It is also a milestone for our organization which will mark its 10 anniversary. Despite the challenges faced, I am proud that we could achieve great results on both national and international levels. I believe the path we have chosen based on continuous self-improvement, dedication, and maximum transparency will guide us further.

Last but not least. I want to truly thank those people who share our ideas and support us in various ways. Your support brings us hope for a sustainable future in peace and justice.

Thank you for standing with us. Thank you for standing with Ukraine!

With heartfelt appreciation,
Nicolas Zharov
President of LUKraine

ABOUT LUKRAINE

Forging Resilience Together

Founded in 2014, LUKRAINE is a Luxembourg-based non-profit with a public interest status that unites the Ukrainian Community in the Grand Duchy of Luxembourg to increase awareness about Ukraine in Luxembourg and contribute to humanitarian crisis relief in Ukraine.

- to support Ukraine through humanitarian crisis relief projects to contribute to Ukraine's brave endurance;
- to create opportunities for a better future for those in need in both Ukraine and Luxembourg;
- to strengthen relations between Luxembourg and Ukraine in economic, cultural and social aspects;
- to promote Ukraine as a fair partner amongst European nations, to shed visibility on its true power to contribute on a global level.

MAIN ACHIEVEMENTS

Forging Resilience Together

LUkraine achieved **public interest status**, making donations now tax-deductible. Obtaining this status means the organization's recognition on the national level in the category of the big nonprofits.

The 'Ukraine is Calling' project, aimed to deliver 112 rescue vehicles to Ukraine, was honored with the **European Citizen's Prize 2023** by the European Parliament.

LUkraine opened an **office in Dnipro (Ukraine)** and started on-site work just 15 km from the frontline, launching two more humanitarian projects: LUkraine Humanitarian Mission and Water to Every Home.

The inaugural **Ukrainian Days**, a festival celebrating Ukrainian art, culture, and history, premiered in Luxembourg.

LUkraine established the **Teenage Club** and **Senior Club**, thus covering all age groups with support.

Our people are main achievement and key asset of our organization. Volunteers and supporters, association's members and partners, employees and our projects' beneficiaries, are the ones that shape the success story of LUkraine.

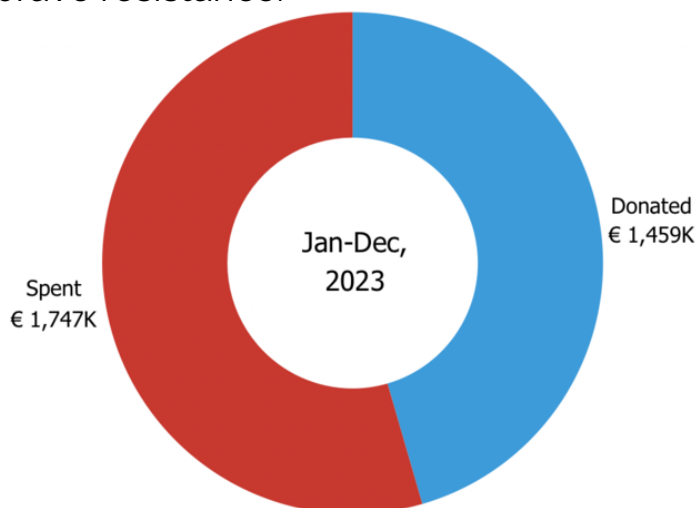

FINANCIAL REPORT 2023

Forging Resilience Together

Thanks to a good head start of 2023 with **opening balance of €544k** at our accounts, and your kind **financial contributions of €1'459k** within the year, we were able to **put €1'747k into work** for completing the project aimed to support Ukraine's brave resistance.

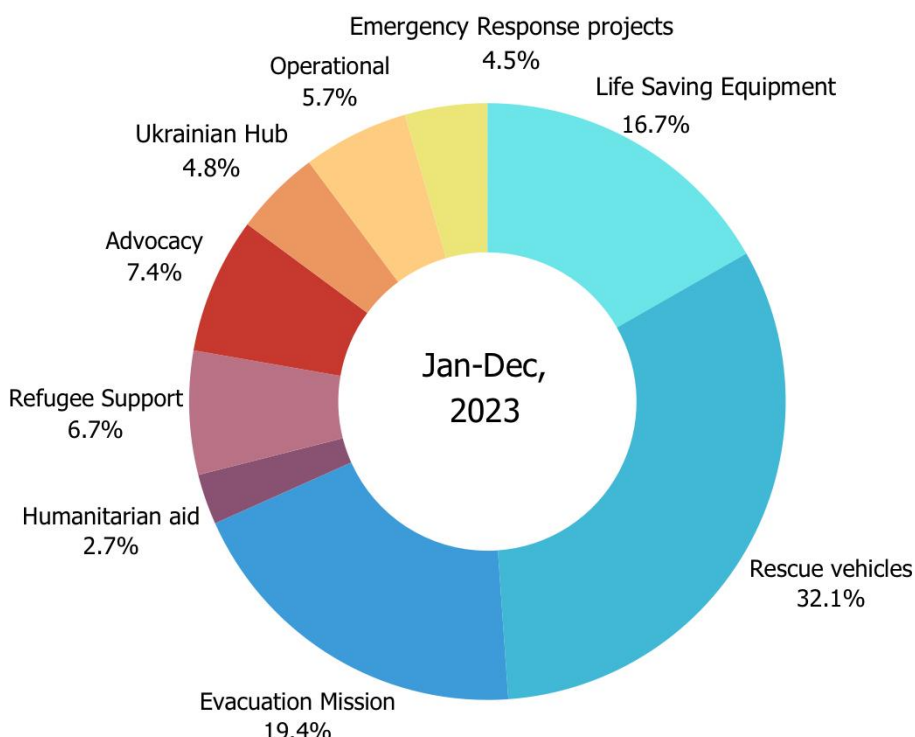

We are endlessly grateful to

- our **institutional** and **corporate** donors, whose contributions reached up to 38%;
- our partners, foundations and associations, whose offering accounts to 21%;
- and our **direct donors**, whose voluntary donations cover an incredible share of 41% of total donations.

The vast majority of our spendings lays in the field of emergency response projects, aimed to save more lives and implemented in Ukraine – 76%.

Where Did the Funds Go?

We are proud to report that our **operational expenses are as low as 5.7%**, which makes LUkraine extremely **lean and effective** in implementation of our projects and utilization of financial donations.

EMERGENCY RESPONSE

Forging Resilience Together

Being located in the heart of Europe, LUKraine joins governmental, business, and non-profit efforts to provide Ukraine with the essentials that would support rescuers, defenders, medics and civilians in resisting Russian aggression.

UKRAINE IS CALLING

Forging Resilience Together

36

vehicles delivered
in 2023 within this
project:

18

armoured
ambulances,

including

14

armored
ambulances,
provided by the
Directorate of
Defense of
Luxembourg

12

equipped
ambulances

6

fire trucks

A global fundraising emergency relief campaign to provide Ukraine with 112 fire trucks and ambulances to save more lives. All the rescue vehicles are handed over to the State Emergency Services of Ukraine, the Ministry of Health Care of Ukraine, and the Ministry of Defense. These vehicles serve Ukrainian rescuers in frontline territories in Kharkiv, Donetsk, Zaporizhzhia, Dnipro, Kherson regions.

* Rescue vehicles
delivered since

Feb'2022:

Luxembourg

12

equipped
ambulances

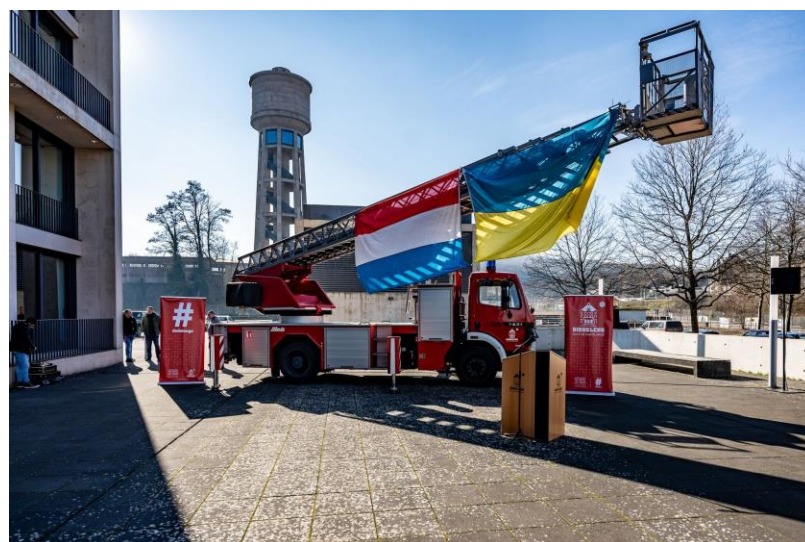

6

fire trucks

A major part of the vehicles was delivered to the cities and villages close to the frontline or on liberated territories where neither fire trucks nor ambulances were left—they were either shelled, damaged, or stolen by Russian troops. The vehicles delivered to Ukraine within the project were spotted while rescuing lives in the hottest spots in Ukraine, helping to distinguish the aftermath of Russian missile attacks and rescuing wounded people.

As the destruction is unprecedented, we provide Ukrainian rescuers with special vehicles or equipment of such kind. Thus, the fire truck donated by the commune of Hobscheid provided a special vehicle equipped with a 30-meter-high aerial ladder. With the help of the aerial ladder, our brave responders can reach up to the 10th floor, enabling them to carry out emergency rescue operations and extinguish fires.

The project team includes volunteers who are residents of Luxembourg. These brave people drive rescue vehicles all the way from Luxembourg to the eastern part of Ukraine, delivering necessary equipment and medicines despite the possible danger.

Anne Calteux, Head of
Representation at
Representation of EU
Commission to Luxembourg

«I would like to thank you LUkraine with all my heart for having launched this important initiative. It is completely in line with all the efforts that the European Union has put in place since à very first day of the war. We all need to stay mobilised and motivated throughout the next months and years»

"When the first pictures emerged after the Russian attack on Ukraine, I knew that I had to help in some way. The feeling of needing help somehow became stronger as I saw the very hesitant and questionable actions of many Western politicians."

Tomas Jankowoy, the
volunteer driver

To highlight the evidence of the Russian army's crimes against humanity and violations of the Geneva Convention, LUkraine has exhibited destroyed emergency vehicles from Ukraine. In 2023, these vehicles were exhibited in front of the European Parliament headquarters in Brussels, at the Emergency Service Show in the United Kingdom, and in Luxembourg (Esch-sur-Alzette), France (Metz, Strasbourg), and 11 cities in Netherlands.

In spring 2023, LUkraine organized a photo exhibition dedicated to Ukrainian rescuers in Luxembourg at Gare Centrale. It featured the work of Ukrainian emergency services in real-life situations, highlighting the aftermath of Russian missile and drone attacks. The exhibition aimed to depict the scale of Russian barbaric acts.

HUMANITARIAN MISSION

Forging Resilience Together

The project was launched in August 2023 to assist people from close to the front line or liberated territories in Ukraine (Kherson, Zaporizhzhia, Donetsk, Kharkiv, and Dnipro regions) who do not have access to medical and social services. Working 15-20 km away from the frontline, accompanied by missile whistles and explosions, our project team, alongside volunteers, provides vital help and essential resources to ease the lives of those who either wish to evacuate or have to stay due to various reasons.

Aug-Dec'23

1'484

medical
evacuations were

Our dedicated doctors navigate war-torn landscapes to reach villages within 10 kilometers (!) of the front line and amidst the echoes of regular shelling, reside elderly locals who, against all odds, choose to remain. These villages lack hospitals and pharmacies, making medical care challenging. Like many older individuals, residents often face health issues such as heart problems, diabetes, and seasonal illnesses. LUkraine's team, including a therapist and psychologist, procured medical equipment and medications, providing them free of charge to those in need.

Given the project's nature, which requires prompt reactions and ad-hoc interventions, LUkraine has established its representative office in Dnipro (Ukraine) to ensure the project stays on track and to provide proper coordination.

HUMANITARIAN AND MEDICAL HELP

Forging Resilience Together

Since the beginning of the full-scale invasion, we have already sent over 2000 tons of humanitarian aid with essentials to Ukraine. In addition to that, to support kids emotionally and give them back their childhood that was stolen by the war, together with CF Haystov, who works in the field in Ukraine, we launched an initiative called 'Kits for Kids'. We distribute food packages containing sweets, toys, books, and school supplies to kids who live in frontline territories.

To support the initiative, LUkraine's good friend, Michael Merten—an adventurous soul with a philanthropic spirit—embarked on a remarkable journey: a charity bike tour from Luxembourg to Kyiv. Michael documented his trip on his website. As a result of the project, Michael managed to raise around 13,000 EUR!

1'650

children's packages were delivered to kids in frontline territories

99 pallets of medical equipment and supplies and

36 hospital beds were shipped to the hospitals

20 prostheses were provided

HUMANITARIAN AND MEDICAL HELP

Forging Resilience Together

99 pallets of medical equipment and supplies and

36 hospital beds were shipped to the hospitals

Medicines and medical equipment are consumables during wartime that have to be continually renewed. Les Hôpitaux Robert Schuman has supported Ukrainian hospitals through our projects for many years. Since the beginning of the full-scale invasion war, they have consistently donated medical functional beds, medicines, equipment, etc.

20 prostheses were provided

OUR RESPONSE TO KAKHOVKA DAM DESTRUCTION

Forging Resilience Together

On June 6, 2023, Russian troops blew up the Kakhovka Dam in the Kherson region of Ukraine, causing a catastrophic flood. This disaster affected 80 towns and villages along the Dnipro River, submerging houses and forcing 3,600 people, including 600 children, to evacuate their homes.

LUkraine immediately initiated a fundraising campaign for emergency relief efforts in response to this tragedy.

Overall, partnering with the Haystov Foundation on the ground, we've contributed to evacuation and humanitarian aid delivery efforts in the disaster area.

Start: Jun'2023, ongoing

Partners: CF Haystov, CF Sky of Ukraine, International Assistance Headquarters for Ukrainians

Funding: Artec 3D; donations

OUR RESPONSE TO KAKHOVKA DAM DESTRUCTION

Forging Resilience Together

Following the critical lack of drinking water, we bought 82 tons of bottled water that our partners, CF Sky of UA, and the International Assistance Headquarters for Ukrainians helped distribute across affected areas.

However, we've searched for a more sustainable solution, thus launching the **'Water to Every Home'** project, involving the drilling of **artesian wells** for people in cities and villages in the south of Ukraine. One drill provides permanent access to **drinking water for 2000-3000 people**. In 2023, the drilling of the first well started in Kamiyanka, Dnipro region.

UKRAINIAN INTEGRATION HUB

Forging Resilience Together

We aim to help Ukrainian refugees settle down in their host country, become integrated members of society, and create a united and supportive community with strong ties between Ukraine and Luxembourg.

"MRIYA" UKRAINIAN SCHOOL

Forging Resilience Together

Within Mriya project we create a framework of continuous educational space filled with the Ukrainian language and Ukrainian culture, where children will not only learn, but also establish friendly relations., as well as they will get acquainted with Luxembourgish and Ukrainian history and culture.

Our school program is meticulously designed to align with our overarching goals and objectives, ensuring a well-rounded and enriching educational experience for our students within our curriculum:

- Traditions and culture of Ukraine and Luxembourg
- Ukrainian language
- History of Ukraine and Luxembourg
- Ukrainian dances
- Music
- Art and Theater
- Chess

Start: Oct'022, permanent

"MRIYA" UKRAINIAN SCHOOL

Forging Resilience Together

The school has two daughter projects:

"Super U" summer camp is a summer edition of "Mriya" school. In 2023, it brought together 60 kids for a diverse experience of Ukrainian and Luxembourgish cultures, languages, sports, and creativity – a unique summer program for those whose options for summer break are limited.

The **"Youth Club UA"** has been launched in 2023 in cooperation with the Ukrainian-German Association in the Trier region 'Dach"e.V.'. At the club, teenagers enjoy activities like board games, quizzes, and art workshops,

fostering a relaxed atmosphere for teens to connect with peers.

UKRAINIAN LIBRARY

Forging Resilience Together

The Ukrainian Library was opened to fill an important void of accessibility for refugees to literature in their native language, as well as to assist Ukrainians in discovering new hobbies, connecting with like-minded individuals, and providing easy access to literature in their native language.

The library offers reading clubs, meet-ups with Ukrainian writers, a club for Ukrainian language enthusiasts, literature evenings, and other engaging activities and events. Books' fund is continuously renewed allowing library to offer the newest publications to their readers.

During 2023 Ukrainian Library has organized more than 20 different events, including the meet-ups with Ukrainian world-known writers, Irena Karpa and Max Kidruk. During the events, these writers not only discussed Ukrainian cultural heritage but also raised donations for the humanitarian needs.

MENTAL HEALTH COUNSELING

Forging Resilience Together

Chronic stress and disrupted protective networks have made refugees, especially children, vulnerable to trauma, poor health, and adverse life outcomes. Unfortunately, refugees' stories don't end when they escape - violence and humanitarian crises take huge tolls on people's mental health.

Ukraine offers free mental health counseling for refugees. The project aimed to assist those facing war-affected trauma, emotional or physical violence, loss of loved ones, and challenges in adapting to a new country, focusing on children, teenagers, and young adults.

For moms, who had to flee the war to protect their kids, whose husbands and partners were left in Ukraine, the peer group was launched to support each other.

Start: May'2022, ongoing

LANGUAGE COURSES

Forging Resilience Together

Aiming to facilitate social integration and ability to gain confidence in communication and job seeking of Ukrainians under temporary protection status in Luxembourg, LUKraine provides free French and English language courses of elementary level.

These interactive courses are available for students of different ages and experience. The main goal is to go through the language barriers and fear of communication in foreign language.

In 2023, LUKraine launched Ukrainian classes for foreigners and heartily welcomes everyone who would like to learn Ukrainian as a foreign language.

Start: Jun'2022, ongoing

Funding: Linklaters LLP, donations

Around

500

Ukrainians with temporary protection status in Luxembourg joined language courses

862

language-learning hours were offered

2

speaking clubs, run by our French and English-speaking volunteers

PROFESSIONAL INTEGRATION

Forging Resilience Together

Together with partners, LUKraine provides professional workshops, mock job interviews, networking, and offers professional consultations and career guidance to assist Ukrainians in securing employment opportunities in Luxembourg.

In July, LUKraine hosted a business workshop organized by Touchpoints. Over 70 ambitious individuals with business experience in Ukraine had the opportunity to gain insights into starting their ventures in the Grand Duchy of Luxembourg.

Amazon Luxembourg volunteer team initiated an interactive session focused on job searching in Luxembourg. They delved into the intricacies of Luxembourg's job market and offered valuable tips & tricks on networking, career guidance, and more.

Small group sessions were a great opportunity for everyone to discuss topics relevant to their job search journey.

ADVOCACY

Forging Resilience Together

Actions, performances, meetings, demonstrations, conferences, round tables, and public discussions – these are all diplomatic avenues to promote Ukraine's interests on the governmental and European level.

UA DAYS IN LUXEMBOURG

Forging Resilience Together

Culture is a fundamental tool of diplomacy for establishing connections between two countries. Through these cultural interactions, nations can showcase their identity, share their stories, and highlight the values they cherish. Ukrainian Days is the first annual event in Luxembourg that introduces Ukrainian art, culture, history, and creative industries to the people of Luxembourg.

Over

5'500

visitors during

2 festivals
in 2023.

15 events

in **5** cities of

The festival represented different kinds of Ukrainian culture, including visual arts, music, cinema, photography, design, theatre, literature, and cuisine. Visitors got familiar with Ukrainian art through exhibitions, theatre performances, concerts, literature evenings, public talks, fashion shows, and movie screenings. Within the festival, two press conferences and round tables were held to discuss the ethnocide committed by Russia and the role of Europe in Ukrainian culture preservation.

UA DAYS IN LUXEMBOURG

Forging Resilience Together

The festival showcased world-renowned Ukrainian artists like Mariya Prymachenko, an outstanding self-studied artist in the genre of naive art or primitivism. In 2022, a Russian missile hit the museum in Ivankiv (Kyiv region), where Maria Prymachenko's paintings were kept. Thanks to Ukrainian volunteers and local residents who were under occupation, the artist's collection of paintings was saved. Risking their lives and hiding from shelling, the locals protected the paintings of Maria Prymachenko. Together with the Maria Prymachenko Family Foundation, we brought 5 masterpieces to introduce it to the people of Luxembourg.

"It's very important to bring Ukraine's culture to people's attention. Especially at a time where people begin to get tired of hearing about the war, it's with this type of art that people will be kept awake and motivated to continue their support for the Ukrainian people."

Karin Herz,
Head of Esch Photo Club

"Ukrainian culture, much like the resilient Ukrainian people, has endured unimaginable atrocities throughout history. We have witnessed genocide, both a century ago and tragically, even in the present day. Our books and cultural artifacts are being systematically destroyed in the occupied cities. In these dark times, supporting Ukrainian culture goes beyond mere diplomatic gestures; it becomes a lifeline, a vital form of assistance in the face of ongoing genocide. By lending your support to Ukraine, you are not only standing by our side, but you are also championing the values that form the bedrock of a free society. The principles of freedom of speech and the right to choose resonate deeply within us. They are the very ideals that Europe has ardently pursued throughout its storied history."

Mariam Naiem, ,
Culture and History
professional and
activist

RECOGNITION OF HOLODOMOR AS A GENOCIDE

Forging Resilience Together

Holodomor (1932-1933) was a man-made famine caused by the Soviet regime to punish independence-minded Ukrainians who posed a threat to totalitarian authority. Total losses are estimated at 4.5 million, with 3.9 million excess deaths and 0.6 million lost births. Twenty-eight countries have already recognized Holodomor as a genocide against Ukrainians.

In 2017, LUkraine started the first petition in Luxembourg to recognize Holodomor as a genocide. Since that moment, demonstrations and remembrance activities have taken place annually on Holodomor Memorial Day. Thanks to these efforts, in 2023, the Luxembourgish government recognized Holodomor as a genocide.

Advocacy

Forums
in partnership
with

**European
Parliament**

30
civil society
organizations

During the European Advocacy Forum in Brussels in November, which brought together 30 Ukrainian and international civil society organizations, LUkraine joined the signatories of the Manifesto of Ukrainian Civil Society Organizations. The Manifesto, titled 'Actions Agenda in Support of Ukraine for the European Elections 2024,' is the first step in a joint advocacy campaign and symbolizes the unity of Ukrainian Civil Society in the European Union.

HOW TO SUPPORT US?

Forging Resilience Together

We appreciate you standing by our side, and we are thankful for your support. Help us to further support Ukraine in defending our common values and fighting for the peaceful future of the democratic world.

The war is not over, your involvement and contribution makes a difference to someone's life.
